

“Rain is about much more than the products we sell. From the beginning we have been innovating, and changing things... breaking the status quo.”

A New Category

We're helping solve the world's nutrition problems by creating a new category in supplements.

They're based not on one exotic plant while neglecting others but upon the principle that all edible plants have nutrition to offer.

Seed-based nutrition taps into the most concentrated form of nutrition in any plant – **its seeds**. Our products contain some of the most studied seed ingredients for maximum health benefits.

Gold Certified by Brunswick Labs

We lab-test our products to make sure they do what they claim to do for people.

Brunswick Labs, an independent bioanalytical laboratory serving the nutraceutical, food, pharmaceutical and cosmetic industries, has found our products to be an effective nutritional supplement.

Rain Partners

Rain is so different from other direct distribution companies because it's a company made from the ground up by distributors.

Most of the executive team members has been a distributor and knows what works. Each of them is familiar with the challenges distributors sometimes face as well as the rewards that come with success.

When you become a distributor - a Rain Partner - you join a close-knit family of people working to bring health and wealth to the world.

Join our team of dedicated entrepreneurs each working to become healthier and more financially free.

WORLD LEADER IN SEED NUTRITION

RESTORE - CLEANSE - BUILD

SOUL

It Restores!

Soul's Benefits – It neutralizes free radicals with powerful antioxidants, provides increased energy, immunity support, better sleep, effective exercise recovery, and much more.

Soul is the First Supplement Of Its Kind on the Health Market - It harnesses and combines the concentrated nutrition of the following seeds and creates a perfect blend for exceptional health.

Black Cumin Seed – is considered to be one of the most healthful herbs of all time. Clinical trials show that this black seed oil may help maintain blood sugar levels already within the normal range.

Black Raspberry Seed – contains phytonutrients which are powerful antioxidants that help support overall good health. Antioxidants seek out and eliminate cell-damaging substances, called free radicals.

Chardonnay Grape Seed – has an abundant source of flavonoids called proanthocyanadins. This is important for brain health and collagen-protecting effects.

D'Ribose – is a five carbon sugar found in every cell of our body. It helps restore the loss of cellular energy resulting from daily stress, depressed immune system, exercise, aging, smoking, etc.

CORE

It Cleanses!

Natures Best Greens

Core contains the nutrition of high quality greens and dense seed blends - all in a 1 oz packet. It has gained a clinical reputation for improving health functions and works together with Soul to provide what your body needs.

Ingredients:

Chlorophyllin, Aloe Vera, Spirulina, Kale, Milk Thistle, Wheat Grass, Cranberry Seed, Black Cumin Seed, Dandelion, Chlorella

Each of these ingredients contributes to good health and has a powerful effect on your body's organs. Spirulina promotes brain function while kale assists in fat digestion, Dandelion benefits skin health for improved overall wellness. Aloe Vera helps with both vitamin requirements and detoxification.

Synergy In Core

Scientists worldwide have studied and continue to unearth benefits of the ingredients found in Core.

Rain has found that many nutrients combined are more powerful than one. Due to this synergy, greater results are being discovered and achieved.

FORM

It Builds!

A Powerful Protein Supplement

Designed to burn fat and suppress appetite. Form is the purest, most powerful protein meal replacement supplement on the market.

Seeds are 20 times more potent than the fruit or vegetable counterparts, making Form highly concentrated and exceptionally effective.

Ingredients:

Sacha Inchi Seed, Hemp Seed, Chia Seed, Pumpkin Seed, Pea Protein, Cranberry Seed

Form protein is highly bioavailable and is quickly absorbed into the body. It also contains a high concentration of branched chain amino acids (BCAA's) which fuel muscles and stimulate protein production.

Form is easily and quickly digested, delivering most of its nutrients and amino acids to your muscle cells in less than half an hour.

Rapid transference of amino acids to muscles is key to pushing lean muscle growth.
